### **AMENDMENT FOR THE RELAXATION OF SGPA & CPGA IN MINOR AND HONORS DEGREE PROGRAMMES(R20)**

In the present global scenario, it is quite essential for the engineering students to have knowledge of subjects from other branches and some advanced subjects of their respective branch in which they are pursuing the degree. To keep this in view our college has decided to take an initiative from 2020-21 admitted batch (R20) in academics by introducing Minor/Honors degree programmes to the undergraduate students enrolled in the B.Tech. programme.

The objectives of initiating these programmes are:

- (a) To diversify the knowledge of the undergraduates.
- (b) To make the undergraduates more employable.

#### **Eligibility for Minor Programme:**

Only those students, who have a CGPA of 7.75 or above, without any supplementary appearance, will be permitted to register for a minor programme

A student can opt for B.Tech. degree with Minors, if he/she passed all subjects in the first attempt in all the semesters.

To keep the Minor programme registration active a student has to persistently maintaining a CGPA of 7.75 and above in the subsequent semesters in Major as well as Minor without any backlogs. Otherwise, Minor registration will cease to be active.

#### **Eligibility for Honors Programme:**

Only those students, who have a CGPA of 8.00 or above, without any supplementary appearance, will be permitted to register for a minor programme

A student can opt for B.Tech. degree with Honors, if he/she passed all subjects in the first attempt in all the semesters.

To keep the Honors programme registration active a student has to persistently maintaining a CGPA of 8.00 and above in the subsequent semesters in Major as well as Honors without any backlogs. Otherwise, Honors registration will cease to be active.
