UNNAT BHARAT ABHIYAN (UBA) CELL

S.R.K.R. Engineering College (A)

SRKR Marg, China Amiram

Bhimavaram-534204

West Godavari District

Andhra Pradesh, India

Description of the activities / events organised under UBA Cell - SRKREC:**Mega Medical camps:**

Mega medical camps can provide a valuable service to communities that lack access to quality healthcare. They can help to improve the health of individuals and families, and they can also help to reduce the burden on local hospitals and clinics. UBA Cell in association with Rastriya Netra Yagna organized a free medical campaign for the public of adopted villages.

**Handwash Promotion Programs**

Personal hygiene is the practice of keeping one's body clean and free of germs. It is an important part of maintaining good health and preventing the spread of disease.

Hand washing promotion is the act of encouraging people to wash their hands regularly with soap and water. It is an important public health intervention that can help to prevent the spread of disease. Hand washing promotion is an effective way to improve public health. Studies have shown that hand washing can reduce the risk of diarrhea by up to 50% and the risk of respiratory infections by up to 25%.

Prior to declaring lockdown due to Covid-19 in India, UBA Cell of SRKREC took immediate initiation to promote personal hygiene particularly Handwash among the rural public and school children. As next step, Team UBA started their activities at school level to educate students of Primary, Upper primary and school. Dr. G. Suribabu, Dr. P. Raghuram and Dr. T. Rambabu narrated the way of Handwash. They distributed Handwash liquids and sanitizers on behalf of UBA.
