SAGI RAMAKRISHNAM RAJU ENGINEERING COLLEGE (A)

China Amiram,Bhimavaram, Andhra Pradesh- 534204

Institution Level Feedback Action Taken Report: 2020-2021 (B.Tech).

After analyzing the feedbacks taken in the academic year 2020-2021 the department made a few suggestions on curriculum to Governing Body. Based on the suggestions given by the Governing Body the following actions are taken.

Feedback Action Taken at Department Level	Institute Level Action Taken
Software related courses should be introduced.	In R19 regulation, 'Computer Aided Design Laboratory' is introduced to enhance software skills (1st year 2nd Semester).
To provide hands-on experience to the students, a course such as Engineering Exploration Project is required.	In R19 curriculum a mini project for third year students has been designed
Subjects like Medical Engineering, Artificial Neural Networks must be made available to the students as optional subjects.	In R19 curriculum Biomedical signal Processing is introduced as Professional elective where as Artificial Neural Networks is introduced as open elective. In R17 curriculum Artificial Neural Networks has already been introduced
Skill based courses like python, Advanced Coding need to be accommodated within the curriculum.	In R20 second year second semester a LAB course titled python programming is introduced
Employability related courses like Artificial Neural Networks, Embedded Systems & Internet of Things, AI & Machine Learning etc., are to be included in the syllabus.	In R19 curriculum Biomedical signal Processing is introduced as Professional elective where as Artificial Neural Networks and machine learning are introduced as open electives.
